TRIP: _____ DATES: _____ - _____

DOMESTIC AIR TRAVEL: For a U.S. traveler, a REAL ID-compliant driver's license or state-issued photo ID, or other acceptable federal identification (e.g. passport), is typically required for domestic air travel.

INTERNATIONAL AIR TRAVEL: For a U.S. traveler, a passport is typically required for international air travel. Some visas and / or entry forms may also be required.

CRUISE TRAVEL: For a U.S. traveler, a passport is always recommended for cruise travel and is typically required for international cruises. For some closed loop cruises (a cruise that begins and ends at the same U.S. port), a birth certificate and government-issued photo ID will typically suffice. Some visas and / or entry forms may also be required.

NOTES: Where a passport may be required, it is best practice and often required, that your passport be valid for at least 6+ months from the date of travel. Your passport must also have sufficient blank pages for stamps, and your name must match the passport exactly.
